

NJS ENGINEERS INDIA PVT.LTD.
(A wholly owned subsidiary of NJS Co. Ltd., Japan)

We at NJSEI as one family, have been collectively working together to exceed client's expectations and achieve client advocacy

Dr Uday G. Kelkar, Managing Director and CEO

Technology is evolving constantly, and changing our lives at an incredible pace. The ever-changing world and complex environment, demand a fresh approach to traditional engineering practices. Clients in the water & wastewater sector constantly grapple with challenges of policymaking, resource availability, increased load on inadequate infrastructure, and efficient planning and execution. They, thus need a partner who provides innovative technology-based solutions coupled with creative execution strategies.

We strive to help Clients tackle their challenges by providing innovative & environmentally sustainable solutions. Our comprehensive approach towards addressing traditional engineering problems, is based on creative out of the box thinking and designing solutions built on a strong foundation of engineering principles. Our globally experienced team of experts, work with Clients in introducing unique methodologies and advanced technologies in achieving Client's goals and Project deliverables well within planned timelines.

WATER SUPPLY

- ✓ Source development
- ✓ Treatment
- ✓ Transmission
- ✓ Distribution
- ✓ House connections
- ✓ UFW / NRW reduction

OTHER SERVICES

- ✓ Project formulation
- ✓ Capacity building
- ✓ Social Development
- ✓ Asset management
- ✓ SCADA,
- ✓ GIS / MIS
- ✓ IOT

SEWERAGE

- ✓ Collection System
- ✓ Pumping Stations
- ✓ Advanced treatment of wastewater and sludge
- ✓ Streams
- ✓ Recycle and reuse

PROJECT EXPERIENCE

Selected Projects

River / Lake rejuvenation including Sewerage

1. JICA Assisted Ganga Action Plan Project at Varanasi, Uttar Pradesh
2. JICA Funded Yamuna Action Plan YAP (III) (Package K2)

Recycle and Reuse

1. Mahagenco – Reclaimed Waste Water Re-use Project (NMC's STP at Nagpur)

STPs with Power Generation / Large STPs

1. Construction of 564 MLD WWTP at Okhla under YAP (III) for Package 'O'
2. Consultancy Services for Bandra & Worli Waste Water Treatment Facilities

Water Supply and NRW

1. Agra Water Supply Project
2. Jharkhand Water Supply Project- Ranchi, Dhanbad & Deoghar

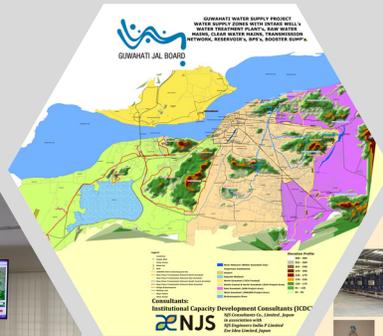

Whole Life cycle

1. JBIC funded Bangalore Water Supply Project, Stage IV, Phase II
2. Bengaluru Water Supply & Sewerage Phase III

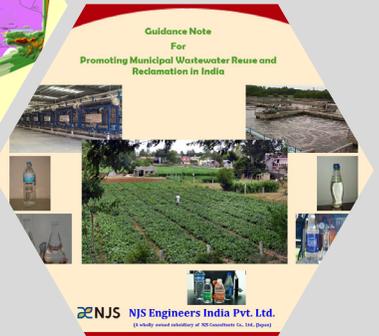

SCADA

1. JBIC funded Bangalore Water Supply Project, Stage IV, Phase II

GIS / MIS –

1. Institutional Capacity Development Consultancy for Guwahati Water Supply Project
2. JBIC funded Bangalore Water Supply Project, Stage IV, Phase II

Innovative Projects

1. Delhi Sludge Removal
2. Reuse Guidance document CPHEEO

AWARDS & ACHIEVEMENTS

Since its inception in 2007, NJSEI has been recognized for its outstanding contribution to various projects and its continued efforts in developing new ideas and out of the box thinking when designing and implementing various projects in India. Some of the latest awards are presented below for reference.

OUR PHILOSOPHY

We aim to be pre-eminent consultants in the eyes of our clients in delivering optimal solutions; to be recognized as an employer of choice amongst the talented and diversified professionals in India and to deliver collective solutions that empower our clients to significantly improve the Environment

QUALITY POLICY

NJS Engineers India Private Limited is committed to meet customer requirements and enhancing customer satisfaction through a culture of continual improvement of its services and service delivery systems in wet infrastructure with a team of competent and dedicated professionals.

NJSEI is ISO 9000, 2015 certified company

OUR CLIENTS

Bentley's Be-Inspired Finalist Awards under BIM Advancements in Water & Wastewater Category for following years 2013, 2016 & 2019

Best Poster Runner-Up- Water Convention 2012

Business Leader of the Year

Best Innovative Company of the Year Award – 2020-2021

Best Poster Presentation at the International Desalination Association (IDA) Conference in Perth 2011

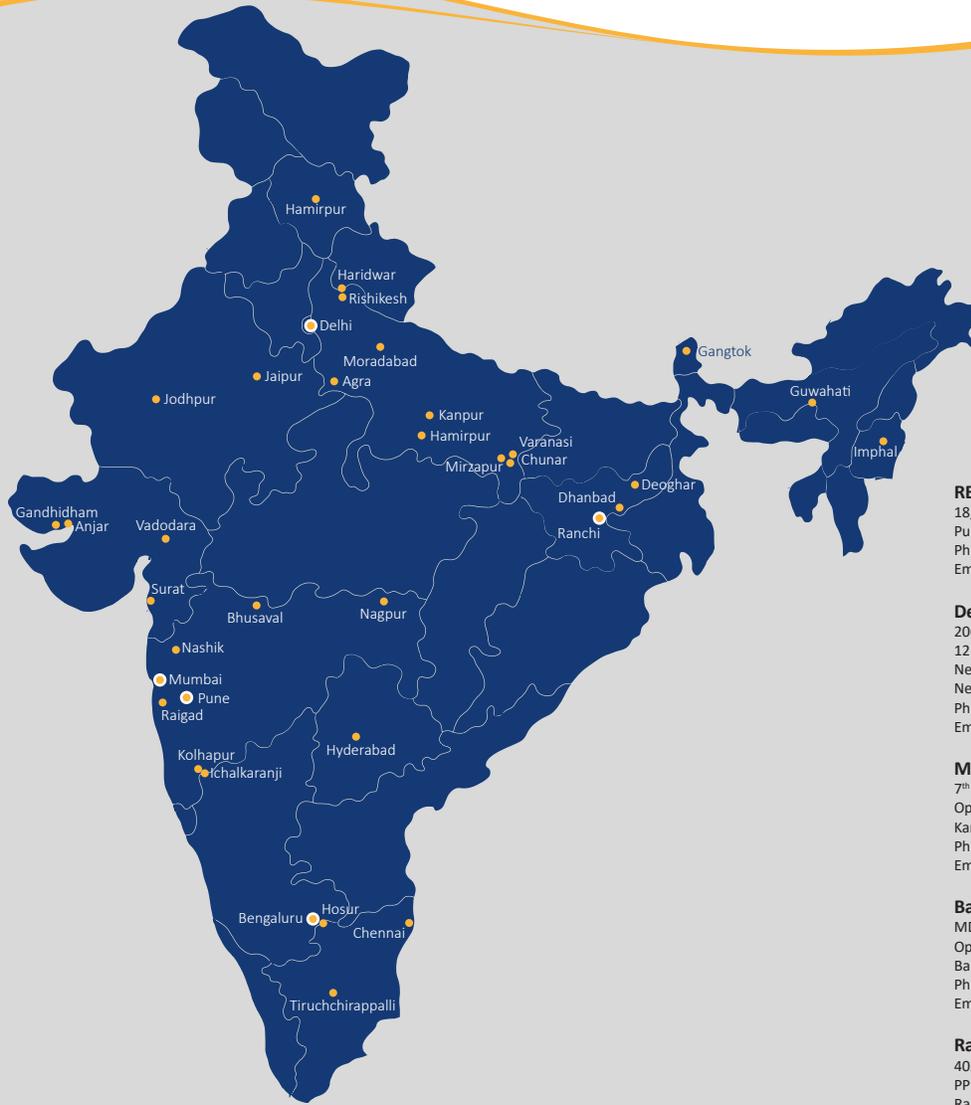

Company providing A-Z Quality Consultancy in the sphere of water management
